

What are flowers for? Let's think about all the things that flowers can do, and what is their most important role in nature. Draw a picture for each of the ideas below.

|                           |   |
|---------------------------|---|
| <p>To decorate plants</p> | <p>To attract mates (other plants)</p>                    |
| <p>To attract animals</p> | <p>To make fruits and seeds<br/>(to make more plants)</p> |
