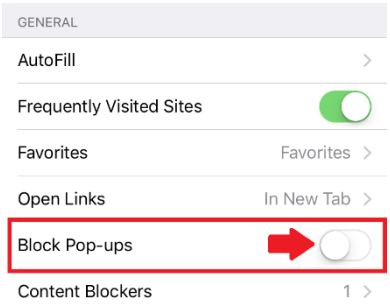
Learning Catalytics Instructions for **iPhone Users**

All iPhone users **must use Safari** and follow the instructions to adjust settings below. If you do not follow those instructions, the program will not work properly.

Enable Pop-ups

1. Enter your iPhone **Settings**
2. Scroll and tap **Safari**
3. Scroll to "Block Pop-ups" and make sure this is **off** (the slider should be grey)

Pop-ups Setting



Allow Cookies

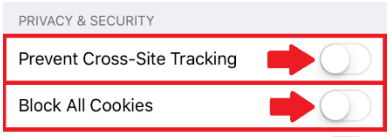
1. Stay on the same page as the "Block Pop-ups" option
2. Scroll to "Block All Cookies" and make sure this is **off** (the slider should be grey)

   *Other option: tap **Block Cookies** and select **Always Allow***

Allow Cross-Site Tracking

1. Stay on the same settings page as the "Block Pop-ups" and "Block All Cookies" options
2. Find "Prevent Cross-Site Tracking" and turn this **off** (slider should be grey)

Cookies and Cross-Site Settings

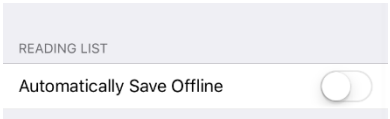


Allow Javascript

1. On the same page, scroll all the way down and tap **Advanced**
2. Find "JavaScript" and turn this **on** (slider should be green)

JavaScript Setting

First, go to Advanced:



Then, enable JavaScript:

Clear Cache (History and Website Data)

1. **Force quit** Safari and Settings
   1. Exit out of Safari entirely
   2. Double-click the Home button to bring up the fast app switcher
   3. Swipe up on Safari and Settings to force quit by flicking them up and off the screen
2. Enter your **Settings**
3. Scroll and tap **Safari**
4. Scroll and tap **Clear History and Website Data**
5. Tap the red **Clear History and Website Data**

Clear Cache
