Journal Entry #1— Project Week 1   [Project Name]   Name: _____

BSC2011L B5__   Group #:_____   Panther ID:_____

Spring 2020   Journal Entry Due Date: _____

Directions: In paragraph form, address (at minimum) the below questions/topics.

- Data Collection: discuss the good, the bad, and the ugly
    - What did you plan to accomplish?
    - What was accomplished?
    - What was left unaccomplished, or what did you do beyond what you had planned?
    - Were there any alterations to your sampling methods than what was proposed?
    - What went well? What did not go well?
    - What can you and/or your group improve on? How do you plan on implementing these improvements?
- Data findings and observations:
    - Verbally summarize your findings for the week
    - Note any interesting observations from your field sampling
    - Are you starting to recognize any patterns in your data?
- Figures and tables:
    - Include a satellite map of your sample area(s) and identify key features, characteristics
    - Include a data table that visually shows these findings (not only your findings, but for your entire group)

Writing should take about a page (more is ok) <u>not</u> including images, maps, or tables
Font: Calibri, 11pt font
